SHOOTING OF ERNEST GREEN

Miss Flagler's Case Inquired Into by the Grand Jury.

Three of the Dead Boy's Companion Examined-Other Witnesses Are to Be Interrogated To-day.

The grand jury yesterday afternoon conaldered the case of Miss Elizabeth M. Flagler, daughter of Gen. Fingler, of the Army, who shot and killed Ernest Green, a twelve year-old colored boy, August 2 last.

About twenty witnesses were served with

notices on Tuesday to appear before the grand jury yesterday morning. These in-cluded the half dozen boys who were with young Green at the time of the tragedy, Richard Green and his wife, the boy's parents Miss Martha Thomas, clerk in the Treasury Department, and the policeman who appeared at the house after the shooting.

Most of the witnesses arrived early yester.

The action the grand jury may take is purely speculative, but there is a strong impression among those familiar with the case that an indictment will not follow. case that an indictment will not follow.

It is, of course, the province of the grand jurors to merely make a presentment to the District attorney and he then prepares an indictment. The prosecution has the entire term of the grand jury in which to return an indictment, if he so desires.

In this case the time would be nearly three months, the present grand jury having been sworn for that period. On the return of a presentment, he may make out an indictment at any time within that period.

Green testified, and the father and mother were examined yesterday, but the remaining witnesses will be called to-day.

BASE OF THE ESTIMATES.

The valuations on which the foregoing estimates are based are, Washington, taxable on land, \$90.942,586; improvements, \$74,457,233; county, taxable on land at \$1.50, \$11,613,660; improvements at \$1.50, \$5,502,500; taxable on land at \$1, \$5,386,764; improvements at \$1, \$1,009,600; Washington, on personal property, \$10,680,364; county, taxable on personal property, \$46,985; railroads, on gross receipts, \$339,388; total taxable on real and personal property \$199,894,080.

The report was signed by Matthew Trimble, E. G. Davis, and J. T. Petty.

The excise board has recommended to the Commissioners for their action several important amendments to the law regulating the sale of intoxicating liquors in mates are based are, Washington, taxable

ilating the sale of intoxicating liquors in

the District.

The most important is that suggesting an arcrease of the retail license fee from \$400 to \$800 per annum, and wholesale fees from \$250 to \$400 per annum.

"This change," the board says, "would be in conformity with the rates of other cities, and in keeping with the spirit of the times, which seems to be tending to a high license for the rale of intoxicants. It is not thought that a higher rate of license will materially affect the revenues of the

will materially affect the revenues of the CLUBS SHOULD PAY LICENSE. Other suggestions are that social clubs shall be required to take out license for the privilege of retailing, and that the law

shall contain a provision for the punish-ment of a seller of adulterated liquors. The penalty fixed, in the proposed amend-ment, for each violation of the provision is \$300, and in case of non-payment im-prisonment is imposed for a term not ex-ceeding six months or until the fine be

paid.

There is a recommendation in the report, also for an increase of the assistant clerk's salary to \$1,200.

Estimates have been made by the engineer department and laid before the Commissioners for sewer work, to be done during

the year ending June 30, 1897. The report has not yet been formally approved by the board, but it is understood there will be o chanegs. The estimate is as follows: For cleaning and repairing sewers and

For cleaning and repairing sewers and sastrs, \$25,000; for repairing sewers sewers, \$25,000; for main and pipe sewers and receiving basins, \$93,000.

For automatic flushing tanks, \$5,500. The Commissioners have reappointed J. T. Hatton to the police force, the order therefor having been made yesterday. Hatton is one of ten members of the Fat Men's Club who were dismissed from the force on account of the developments from a raid made in July, 1894, by Sergeant Daly on Monte Wells' saloon in South Mashington. Strenuous efforts have been made ever since the dismissals to have the men restored, but up to date no one of them except Hatton has been successful. It was urged in Hatton's behalf that he

It was urged in Hatton's behalf that he was not really a member of the Fat Men's Club, not having been at any of its meetings after his initiation. He was not in the crowd when the saloon was raided, and his previous record was good.

Other appointments to the force were also made yesterday, as follows: Charles P. M. Lord, of No. 937 Florida avenue; John P. Buckley, No. 309 Virginia avenue south west; Howard W. Rabey, No. 311 North Capitol street, and Robert H. Wood, No. 15 P Street northwest.

Carefully Planned Attempt to Rob Brice & Lipscomb's Office.

DYNAMITE TO BE USED

The Burglers Were Frightened Refore They Succeeded in Breaking Open the Safe-Only Boory Secure Was an Overcoat-Work Was Evidently Done by Professionals.

No arrests were made last night in the case of the daring attempt made yesterday morning to rob the safe of Brice & Lipscomb, real estate brokers, at No. 612 Fourteenth street northwest, although the police have some valuable clews which they are working on and hope to land the burglars behind the bars in a short time.

The job was carefully planned and dar-ingly executed, but the cracksmen were evidently frightened at the critical moment and abandoned their work before

The burglars effected an entrance through the basement some time after midnight, as people residing on the upper floors of the building did not retire until after that bour. A large sized, clean-cut, neatly drilled hele was made in the center of the safe on hole was made in the center of the safe on the right hand side of the combination.

Before dynamite could be used in forcing the door apparently it became evident to the burglars that the noise consequent upon an explosion would be fatal to their plans. A hammer was then used in attempting to break the combination. This, too, proved futtle, and the men seemingly took a harried departure, as the bundle of papers in which their tools had been wrapped was left upon the floor.

The only booty secured was an overcoat belonging to Mr. Lipscomb, which hung on a rack in the rear room. The sudden change in the weather, probably induced the visitors to run the risk of being identified by stolen wearing appaired.

The safe which it was sought to force open is a medium-sized iron one. It stood open is a medium-sized iron one. It stood in the right-hand corner of the front office on the second floor, within twenty-feet of passers by on the street. There are no shutters to the windows, and the only concealment was afforded by ordinary window blinds. None but men of long experience and undoubted courage would undertake to work in such a perilous and exposed locality.

when the offfice was opened at 9 o'clock resterday morning the condition of the safe was observed. Anexpert was at once engaged to force an entrance and the police authorities notified of the attempted bur-

glary.

Detective Frank M. Helan, of the First precinct, was placed in charge of the office until such time as the safe may be opened. This is done to prevent the possibility of the safe baving been rifled and the combination hammered to prevent its the combination maintened to percent being quickly opened.

It is not believed, however, that such is the case. As a matter of fact there was but little cash in the safe and nothing could have been obtained but a quantity

could have been obtained to attempted of valuable papers.

The reasons given for the attempted robbery are of the most approved metropolitan character, and contain all the essentials necessary for the plotting of a first
